

Above & Beyond
above. gam

i { gum } @ Front of Building

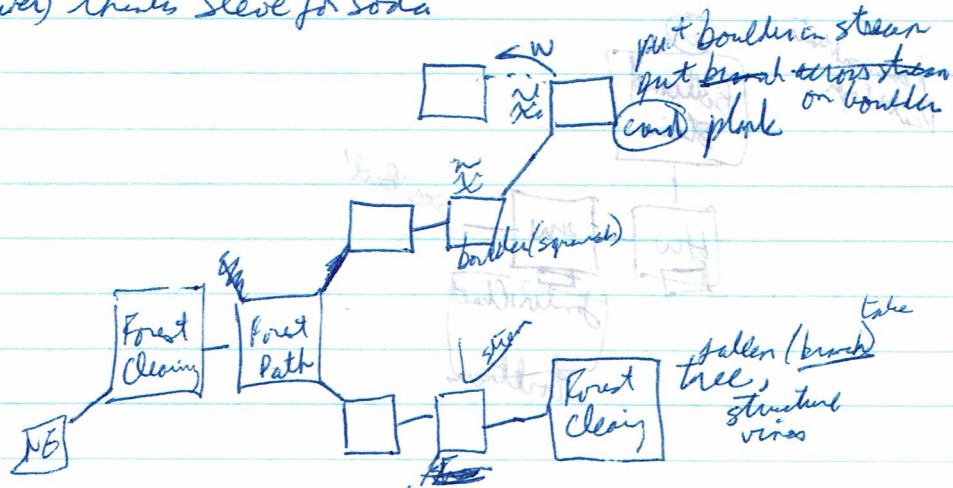

Front of Bldg W: doors (glass), slot, sign "Swipe Employee ID card"
E: parking lot
N: S: SE of Bldg
In doors: desk, plant, plaques
(air chews gum on turn?)

Parking lot (car) W: Front of Bldg
in car: search clutter → package for Uncle Ron "To Uncle Ron / From Alex!"
(on return to Front): Bill has lost his ID card (in forest?)

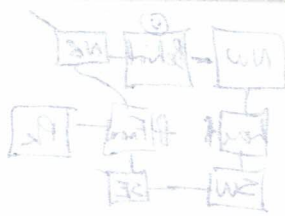

SE of Bldg N: Front W: SW of Bldg NE: PK?
SW of Bldg E: SE of Bldg, N: Loading Dock

Loading Dock
Sign "Service entry only. Please ring bell"
button, peep hole

Behind Building U: hill to gazebo
listen: "president hiding something; abduction story, Bert; who has motive;
they're not happy that FBI is on scene"
"don't trust Pat" Bert's wife is Kathy, & has kids
"why only folks from the Technical Staff"
"we know abt hostile takeover bid"
Bert's companion's father is in hospital (fell off roof)
UPS truck in loading dock (no packages, locker { uniform }
Mark (driver) thanks Steve for soda

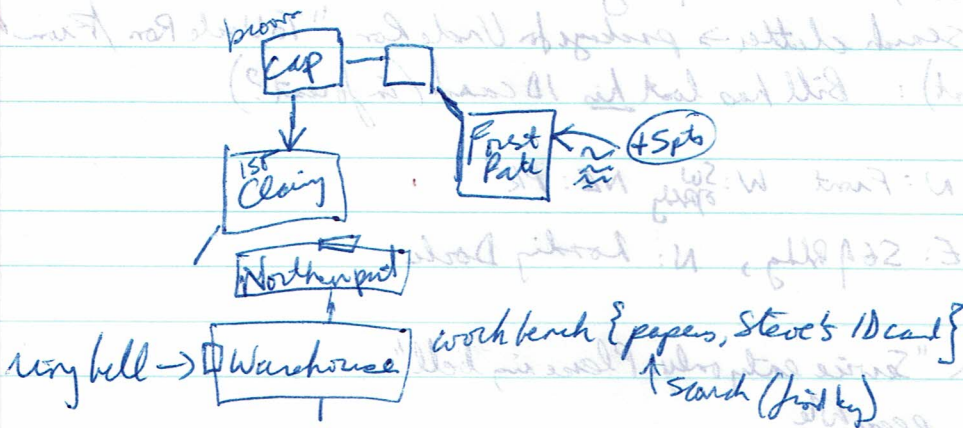

map of Bayou
map of Bayou

- need UPS cap
- Steve leaves clipboard at gazebo

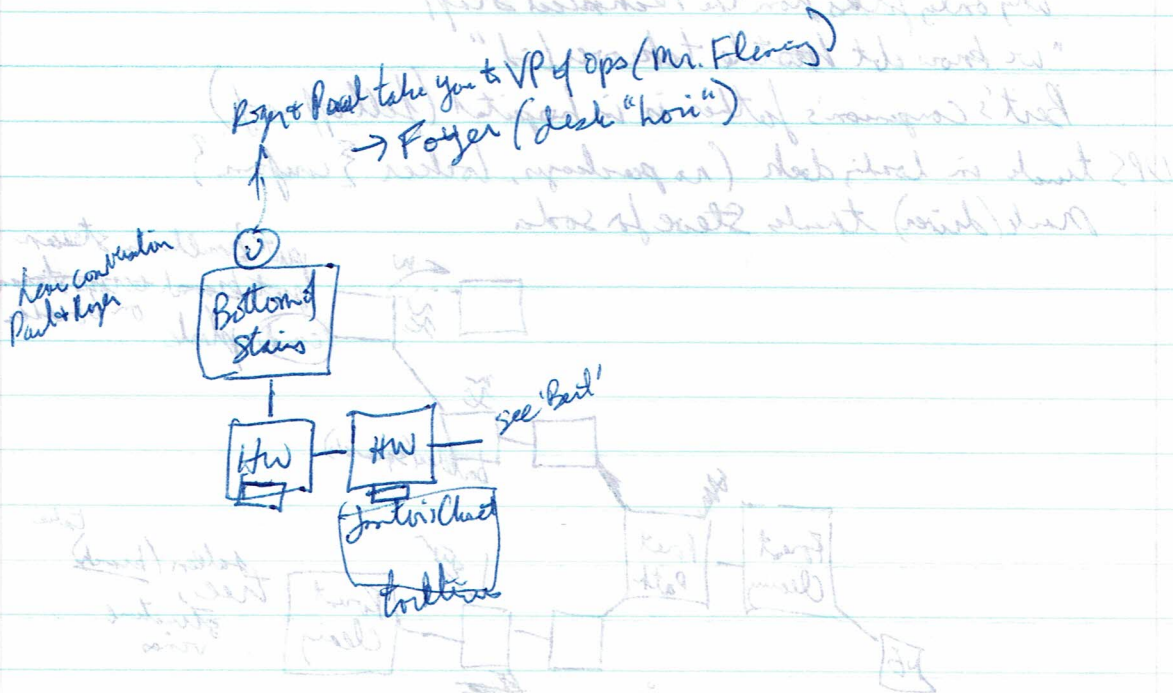

(hears latest on Drew Bledsoe? Apparently, his contract is up for...)

W (from Gazebo) → Behind Gazebo
plank SW: gazebo (hear yell)

North Part of Warehouse door & slot

Source id → Hallway N:
E:
S: Warehouse

Foyer

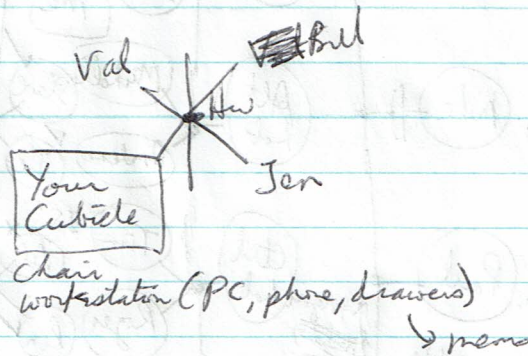

Lori, desk, plants,
couch, plaques

Lori on phone → "I'll let Pat know to get files on TechSys + send them to you ASAP.
I'll keep it private." (she scribbles note)

(also that bldg on site of former army base)

Bob needs you, gives you temp ID card

Mike is working deferred stuff, note of TODOS, see Pat for supplies from supply room.

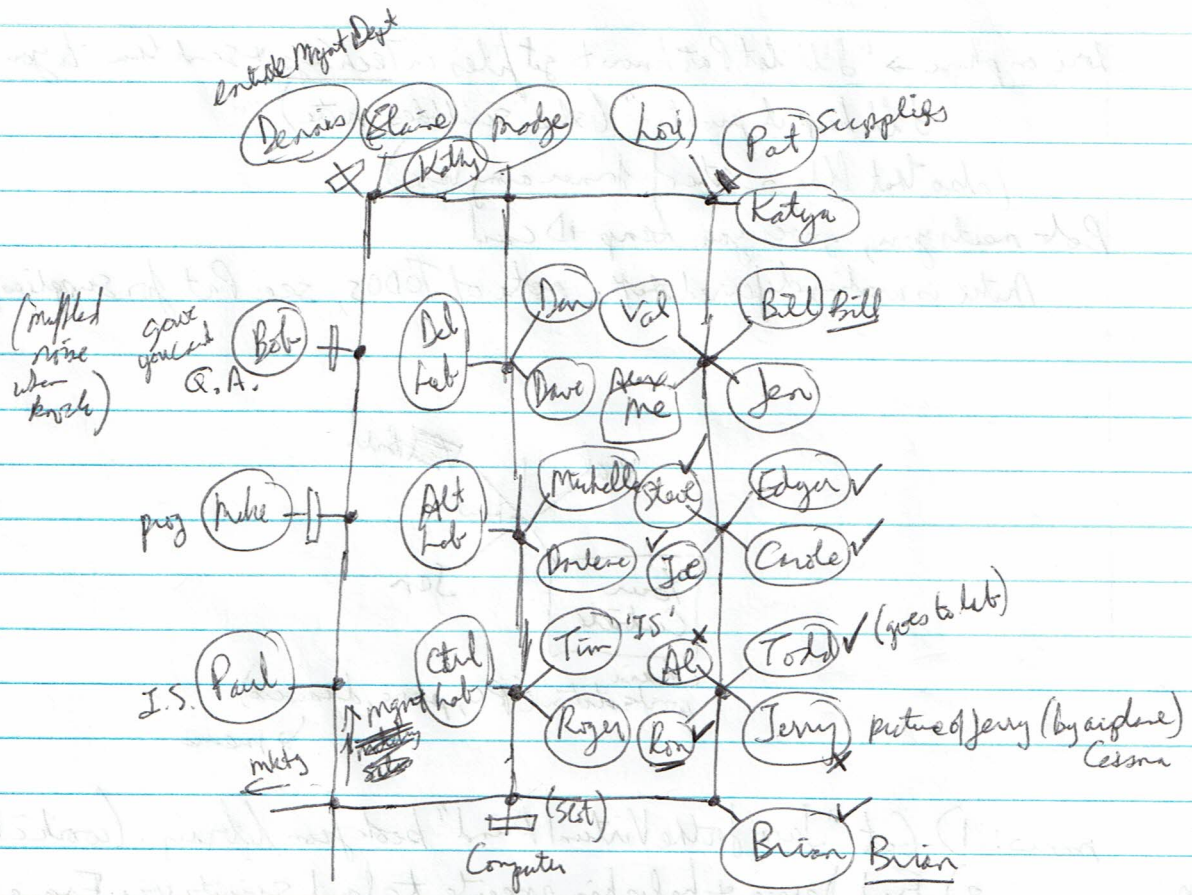

- 'QA'
- memo: 1) Get "Java for the Virtual Mind" book from library. (work Brian to get it)
2) Find Jerry + help him execute telnet scripts via Frame Relay network.
3) Work w/ Tim on research project.

note on PC: Sorry, setup on PC or phone isn't done yet. I'll do it by lunch - Tim.

search blue couch → ~~the~~ OSI book

show book to Brian (gets him off phone)

give form to Brian (it must be initialed, by member of mgmt team)

ask Bill abt Brian → The library form process tells you all you need to know abt the Brian has lost only 2 books: OSI reference & BASIC prog guide.

— policies on media vry important

Ron - in QA, working on Hawaii project

Todd - p/a who does AS/400, Scottish?

Joe (on phone)

dennis, initial form → sure, why not (Bob is in Cntl Hdb)

Bob takes smart card & swaps it in slot, moves trash bill

you can take "Out of Order" sign from copier, & try to put it on a machine (duck into alt hdb, then turn on shredder + put smart card in it)

put 'Out of Order' sign on machine.

Bob asks you to tell tech support that he'll be back in several minutes
- this prob is hardware, goes to Computer Rm, leaves card in reader
& smart card → contains re-programmable chip, coded by machine
give form to Brian → need to get it notarized (where is a notary public?)
ask Bob about notary → Bob is a notary public
Bob, notarize form → need to test equipment, when job is complete, success.
ask Dennis about techsys (as mgmt, not at liberty to discuss it)

Zagats head into Bob's office, & time ~~seems~~ ^{left} before reaching galley room.

Brian is again on phone!

In Bob's drawer → Basic Programming book

show guide to Brian → he's off the phone!

give form to Brian (files it, checks whether form, updates computer,

promises to drop it at cubicle or he'll look for you; he leaves & enters Computer rm)

Go to cubicle. Brian shows up & gives you Java book.

Inside Java book → Scrap note (ask people about abductions (is it hush?)

to do with take-over; get rid of note - Mike)

ask Paul about abductions (refers to X-files, not a clue)

ask Blaine " (I don't gossip)

ask Dennis " (Why are you concerned; you should be concentrated on your job)

ask Midge " (had altercation w/ 2 of them; on edge)

ask Lori " (huh? out of loop for weeks)

ask Pat " (blunts I don't know anything about that - mm)

ask Katya " (no idea, has cold)

ask Jen " (whispers, I don't get involved in rumors)

ask Edger " (I wanna be next - joke)

ask Roger " (don't participate in rumors with)

ask Ron " (I hope I'm not next)

ask Joe " (I don't trust anybody right now)

ask Steve " (Pottery joke; muffled voices @ galley; saw someone dressed as UPS)

ask Carol " (inside job; suspicious)

ask Val " (I don't gossip)

no contact
losses in

Bert + Rickard take you to gazebo, confiscate all but gun.
 You tell them you asked 8 or 9 coworkers, but uncovered nothing concrete.

Behind Gazebo (S: New Gazebo)
 trapdoor

D: Entrance Room (E: door + glass window, sign "WARDS ROOM" Guard Room
 S: closed bay door Corridor
 W: closet door - Closet

Window: security guard + glass points right at you.

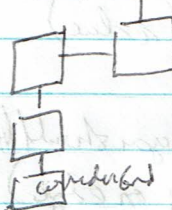

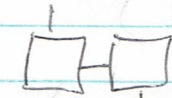

Open exit door (see light switch)

turn on switch (mannequin + toy gun)

Guard Room (window, stool, mannequin, toy gun, light bulb)

Closet: dry mop, flashlight, large-mouth bottle, bottle cap, brown
 {battery} (empty, for alcohol?) (for bottle)

Corridor (N; E:

blocks
 pulled
 3 blocks

Dirt
 Rem

rubbish (box)
 mouse hole, some

put gun on croch

ask Bill abt abduction (if Roswell con happens)

close door, sit on stool. point gun at window.
 look it

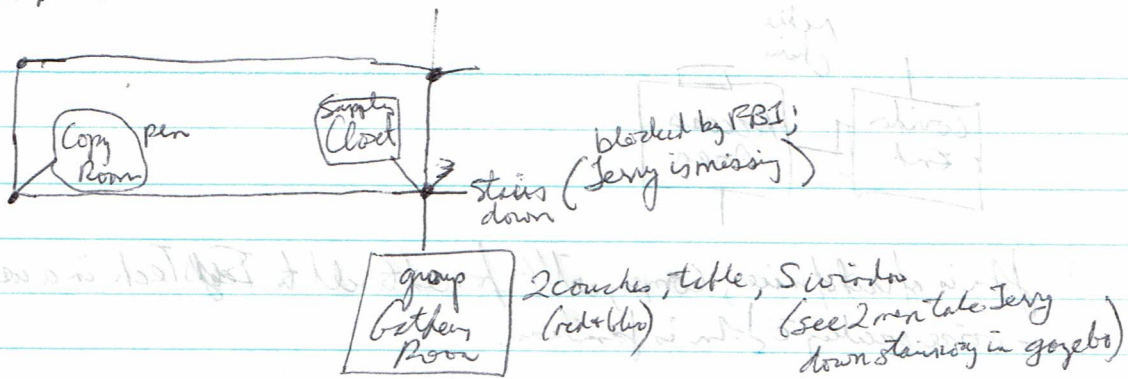

(remove battery from flashlight)
 (break light bulb)

broken glass on floor → sweep it with broom

Dont hold onto battery

hide mannequin ??

Marketing of Sales

Copy Room: equipment (copier, shredder, etc) open copier: paper (purchase order to a state
↑
out of order broken for shares in TechSys)

show memo to Brian (Mike had booklet, find form in one of labs & bring it to Brian)
+ 3 pgs

Control lab: machine { plugging panel, slot, paper }
"Currently researching project Yellowstone, please leave us in. Thanks, Bob."

Delete lab: ^{form} tray on bench
Todd.

give form to Brian → "Have Mike stamp this form, & return it to Brian within 30 days"

ask Pat about supplies → Todd has the key.

ask Todd abt key → Joe has it.

ask Joe abt key → Joe gives you key (return it to Pat when done)

Roger mumbles something abt Tim & that he's messed a bit

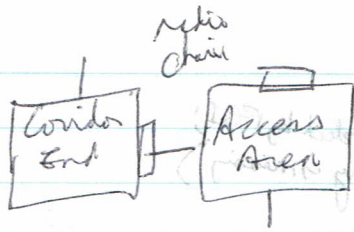

ask Todd abt Yellowstone → latest attempt at future.

Bob asked to do R&D on hardware (but why is head of RC doing R&D?)

woman & Bob exit Bob's office, woman goes S, Bob N & E.

show order to Pat → thanks you for retrieving sensitive info

ask Pat abt TechSys → Pat leaves S & W.

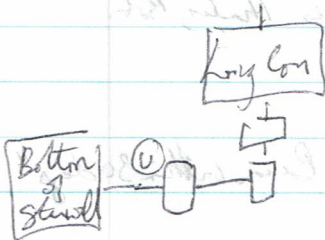

John is afraid of mice, Company will be forced to sell to Tech in a week.
 - voice speaking & John is familiar

put cracker in bottle / after mouse in bottle) put cap on bottle

open bottle while at Corridor End (+5 pt) John's ID on a thumb, out N

- battery in radio has died
- security device by door (slot, display, keypad)
- radio is radio/CD player cable & antenna
- open radio → find a CD, uncracked
