READING

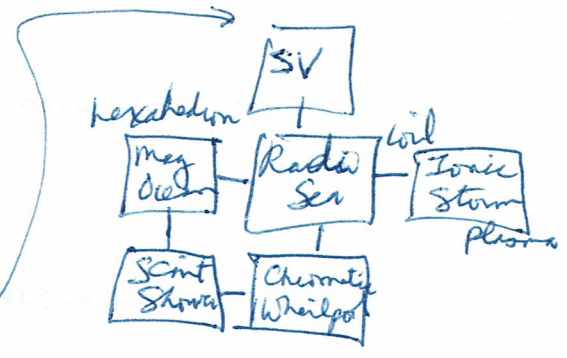

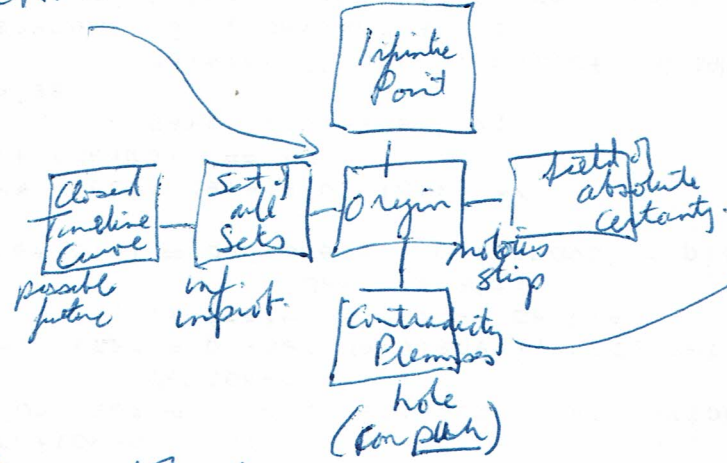

- Scan pills with stack: edible, barbiturate
- " pool " " : extremely cold, superconductor, superfluid
- " crt " " : stack potential non-zero, pushing allowed
- " book " " : nothing special
- " reflector " " : stack potential non-zero, pushing allowed.
- " audio " " : no filter
- " piston " " : brittle, light sensitive
- " plate " " : 4-D, dehydrated, weak audio output.

- hit projector (+S)
- push 0 → ejects disk
- push 1 → [Point-head] chaos, projector, S.
- push 2 → [Line-head] Fatou dust
- push 3 → [Plane-head] von Koch snowflake
- push 4 → [Sphere-head] Mount Mandelbrot & tombstone
- x tombstone (The Eternal Solid)
