2003

"Causality" by Hugo Mastay (SD, 2S)

[Hilltop] into E, star, sea, city, people, ; d → [Street] house, cars, dog, meadow S

(die) ⇒ [The Mars 29] wires, hatch d, computer, window, knife > ; {note}

virus MN390 is onboard; destroying ship will save Mars.

d → [Narrow tunnel] U, N, S > N [Sleeping quarters] N, ~~escape~~

S (from nth) ⇒ [Life support] wires, jam life support machine. Cut wires ⇒ [Airlock] z*

⇒ [Hub] ∩ Bio, e Comm, s Telescope, w Habitate, up ; blue door, green door, hatch, note
(Hab) (Teles)

note (destroy biolabs that created the virus)

n [Biolabs] microscope, computer, cabinet of vials, workbench

look in microscope (battery) x cabinet. x vials (green, blue, purple) MN390
12v

open green door (denied; noisy) open blue door (retreat; sleepers)

[Communications room] radio (empty) — missing coaxial cable +/or batteries.
take radio.

// search cabinet. // U from Hub ⇒ Antarctic

[meadow] trees, tabloid, prison {asteroid spotted 2043, fusion bomb 2095, mars-earth Ark1 2096
(plutonium detonated), today 18th Oct 2097, 6:17 (kept newspaper + now scene)
could the asteroid be blown? search wires (coaxial cable) take cable

[Airlock] lose all but cable, newspaper. // throw green vial ⇒ [Telescope Rm] green door, computer, noise

x computers (5th Feb 2091) ; {-} observation recorded on 10th March. open green door. N, N.
take all. S. open blue door. W. [Sleeping quarters] window, Tom, Natalie, bed, desk (diary)
Comm expert geneticist

open desk. take diary (asteroid observation. Last 03/02/2091)

ask Tom about radio. Ask Natalie about green vial (MN390)

Show green vial to Natalie (weeks pass) x radio (working) // x computer in Telescope (Mar 10th)
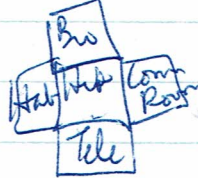

(after several turns, ⇒ [Room] x newspaper (5th July 2091; mayday from base 2 months ago;
Natalie critic, other 2 dead ; comm problems. Virus released Feb 2091, Mars mission
sabotaged 2090

x radio, z. [Liferaft] raft. l. (ship approach) ; {cd}; note}

x note (Disable comm system with virus on CD to prevent nuclear war; computer is W, A decks
[Motor Boat] x marines, x cd. [Medical Bay] exit N, NW, doctor.

red S   foothills S

∧ [Corridor, B deck. Central.] w [Corridor. B deck. West side.] w [Stairs. West. B deck.]

u, e + S (Kitchen S) u → [Stairs, East, A deck.] u, d, e   e [Corridor. A deck. West side]

marines, ctrl room S.   S (mess only?)   e. [Corridor. A deck. Central.] munitions stores S.

e. [Corridor. A deck. East End] computer rm S, marines   S [Ctrl computer room)

x computer. put cd in computer. x computer. (alarm!) n. e. [Stairs. West. A deck] u, d, w

u [Stairs. West. P deck. You can go outside to the east.]

e [Missile Deck) launchers   x launchers (machinery below deck; only turrets here)

2* [Underwater] 2, 2, 2, 2. [In the Sea] x anything. Z. (Underwater) Z Z

[Ark1 living capsule] airlock U, internal door, note (destroy vessel)

open door. U, (external door D, internal door U) close internal, open external, u [Outside of capsule.]

engine, warhead, door. search warhead (detonator, Plutonium warhead)

        x plutonium warhead (lump of plutonium)

search engine (thruster, radiation shield, plutonium source. take shield.

take plutonium. put plutonium in engine. ⇒ [Mission done, man] {Mass 2Y

will land in desert c̄ water + water tools } bag N, planning S   i {shield

S [planning room) charts, local map.
