

The day of being at Ahandi!

Paul & Wally named!

Taking Uncle Wally's body to his home, St. Helena off the coast of Florida (next to Voodoo Island)

[In the Cabin] (of rented yacht) sleeping bags, cabinet, stove,  $V_r$  <sup>with</sup> { wedding ring }

open cabinet. take glass. { x bags: yr bag is from Bolivia, army model }

U → { wild topics, vetala let loose, it / his eyes } [Deck] bench { broken coffee, ladder into water,

Wally (possessed) is strangling Paul, chest under bench, very long tube coil under bench

x Paul { head headloc in Bavaria, monstrosity + swim trunks } open chest (broken)

ask Wally abt why. { No, tin is Asididewa, a vetala! }

ask Wally abt asididewa { won't let Paul go because A is evil }

ask Wally abt that { guy is only controversial, not evil in Hinduism }

(it doesn't matter what y asks; the topic is ignored)

// d. take shanda { end: x x You suffer from a severe case of OCD }

// x bench { spiders } x coffee kill spider { vetala forced for Wally's body to spiders; Wally + Paul fell into ocean }

live { y a not a gd swimmer } take tube. climb ladder. [technically not endless ocean] mermaids left to deal with y's spider lures + kills y. The bed was.

// put glass on spider { the demon is trapped }

// drop all { cut drop end of tube (prog reason) cut drop chest (you'll drift upwards) }

- if y goes down without chest, no difference.

// x chest (3 star links (r, b, g), distal = 4 digits, 3 star markers)

Wally is fixed to only work after 'yide worse than death'

→ [Confrontation] mermaid warrior. showing to mermaid (Paul returned to Deck, Wally eaten by squid. + you)

water pool. hug Paul → ~~SEVERE HOOK~~ (spiral grabs the yacht)
