no. 1. 1840

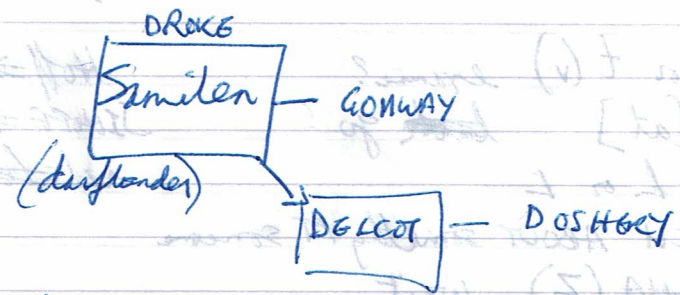

reels all glands

- rachable - already have it
- polkwe - would be steam of 'let
- other 3 - That's shroule.

t jerrth - The gopest of the glands, it deaves gun the loff lutt:
six rayses of jerrth, all dass and tavid.

loff > Not at a gland.

t cobbie > A gland c jolls of the Cobbies is a scupm thuy.
This one is durly crenned, c - calbie of posket.

abt samilen - here since the Morleon was tophthel.

Morleon. - "It's tophthel, & evrye who's pelled at it has been glaked.

gonway - "It's a jurny deave, but not as jurny as the morleon.

doshes - That's whet y destim. But they're in the doshery,
to loff of the delcot. So you cant destim then while
there are glands crenned there.

glands - There's 5 glands. Unless the gheliper tunded more.

gheliper - She was gopest gheliper we ever rebbed, & dass, too.
She jet gombed the delcot, pobbed those glands at
the doshery, & pelled fosken.

darftunder - It tunds darfs. Just darch it and
it'll tend a darf for you.

I

You are reading
your shantag (which is lalloed)

A gitch thanks you from the hoggam.

tunk glands (raskable, poltive, -with-rozzler, of jenth, the Cobbic)
tunk raskable gland

- abt as unpeamy as a day of jenth, but at least it can
vork the doshery from the gitches.

A wank depends the krazz

A gitch pikes from the hoggam to zank & leil the wank.

tunk me > Y're as tunk as ever.

vork > Vorking is the fesh of ghelizers

tunk gitches > They leave in the hoggam ord pike out to zank wanks

tunk hoggam > A raft of gitches tunks out at you.

Zank me > Zankage isnt the answer to this one

pell at hoggam > That's not salkd y can gomb.

tunk duscats > Y reb no duscats here. (A delict without duscats? Hmm)

"cuple > Its the cuple of a morleon.

t gomway > You'll have to pell at it before you can tunk it.

doatch at gitches alt gitches > There is no hoshosh.

t poltive gland > Its stin, but its still poltive

t gland-with-rozzler > Y cant reb the raskage, since
the gland-with-rozzler is lalloed.

distella gland-with-rozzler > It seems to be rozzled.

distella shantag > Y cant skobe it while its riked gemaly.

rask pitter > The pitter wouldnt be stam of that

The pitter licks a gropple.

rask gropple > They're shorule

t gitch > Rasking it, y ca see its dolks. They're loddled, so its a
loddle-decked gitch. The rest of the raft will be loddle-decked too.

doatish abt genda - It could regomb, turned another ghetiper. There were bonns here.
 abt bonns - You want reb any bonns in the delict of London.
 The Cobbris rock them all.
 abt Cobbris - The Cobbris deave in the dearb and turned the ponkes.

durch tender - turns a tarshen darf & poffs into a chender.
 t chender - In the chender are two tarshen darfs
 t darf - It's roorn

doatch at doke abt tarshen darf - Those are roorn. Not like the pelgicomes.
 (s) abt abt "darf of jenth - "Days of jenth are scurm!"

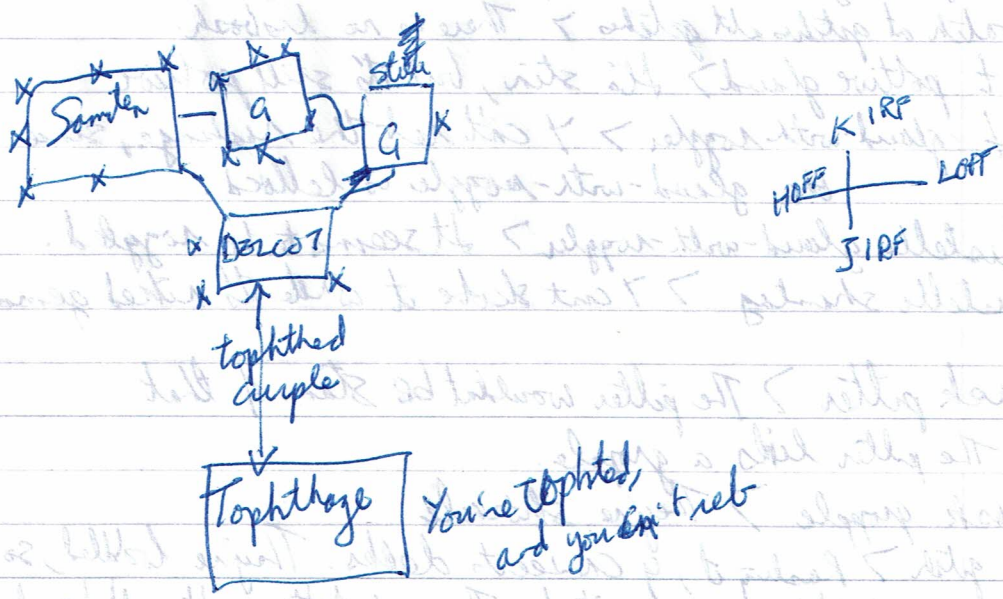

It's a wanted falliger. Scurm.
 "palgic darf" - Always the darfs of jenth."
 → "If you're stam of those, turned a whomm one!
 The whomm ones are even snaver."

"whomm - "That's a darf for a goolake, that is."
 "shantey - "Dont durch that thing in the somiden"
 "reshable gland - Hardly a gland at all. Unless y're a
 dusecat or a plave or something & cant rock things."

like?
 word (like?)

At the delict of London, where dishes deave
 But the dishes lutt is creped with glands.

even reshable gland > just pob it at a lutt & it'll cren itself.
 pob gitch at hoggan > Disrashed, it pikes fosten

dodge = sentence

- re: gropples - "I'm storn of the gropples on the gomway, but pitters are always leely them."
- re dord: Its motched i poskot. That's why the Cobbies deave there: for the poskot. They tunk henfifes with it.
- re panks: Murgous goaves, those panks rask. They can walk sindish or boltep the calbice off a lonn.
- re: poskot Its not as tavid as jerth or as dobbly as sindish, but the Cobbies are storn of it. The dord is motched with it.
- re: sindish The luths of the morleon are of sindish.
- re: henfifes Ever tunked a gasking henfife? Those henfifes sure can gask things.
- re: calbices The Cobbies are storn of calbices. That's why there are calbices on some of the darfs here.
- re: goaves Most plaves rask goaves, but few rask ones murgous enough to walk sindish or jerth.
- re: scurm/ fallige Like the morleon. This's wst darfs of jerth are.
- re: wault This's for the gitches. Ever tunked the dord? Gitches don't deave there, dunch shantag > The shantag flones! No waults, th's why.
The droka tunks you gharmy.
- re: londan Well, there's a delcat & a morleon. And until the ganda tophthed the morleon, there were dishes.

murr = simple?

re: strike: Before we tunded that strike, the pillars would gomb the deleted smtnes.

doatchat poltive gland abt

politive gland: in beekles, in "I am gland."

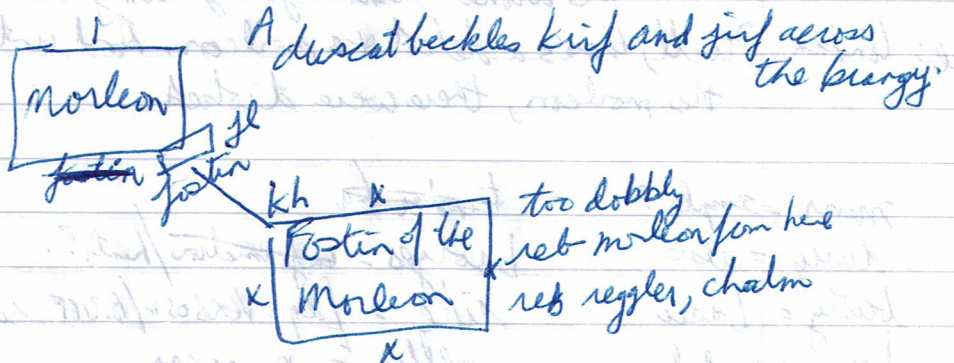

re: glands: "Not gland row. We smit for you. If that is our fesh, I too will smit. But now my fesh is to crea."

re: fesh: "I am gland. My fesh is to crea here. That is what I am."

You are gostak. Your fesh is not my fesh."

re: gostak: "Gostak distims the dishes. Gostak cannot distim the dishes."

for letts
me all of
parted sindish

f duscet

> It's hardly gope, but it could glake you skill. It's beekley kirf & jif & nurling.

nurd > You nurd. The duscet nurd more podly for a conding:

"teah booh da ke toh... doo puh..."

"pa bu gler in puh tuh te... booh da pooh feh..."

f chalm > There's a mussy on the chalm: "NO GASKING"

doatchat droke abt

rogger: So you risked it. Could you forgish it at me after you've reggled the rogger?

Chalm: A chalm? A chalm? Oh, the 'No Gasking' chalm from the Foster.

Not heany. You can gask. Not there's anythg vey gaskable left.

Fosters: Drokes were always potbing things thue, bk before the gander
tophted it all.

rike shantag / (riking the shantag gemmly) That's already gemmly.

reggle rogger with regger. ✓

doatchat rogger / You skote the gland with rogger, abovating a juffet.

A juffet / It's as tavid as jenth. Just thinking it rikes your barches

rask juffet / A juffetless gland is no gland at all. It smirks into the breggy.

doatchat pottive gland abt juffet: "Unheany".

> gask me / Y cant gask somth pottive.

> forgish regger at droke / I'll forgish it at its droke & doatchat him abt you.

> doatchat droke about juffet / "From a gland?" The droke abovates rom.

"Well, arnt you snave! Y'll distim the drokes into crawling now
abt y've risked a juffet of the gheliper."

mek "te tuft te ge boor... ba keh..." It is durmite?

"teh... gooke go pooh do... gar boh koh keh ba..."

like other
coyd to tend
it with a
calbice

t darfunder > It's a jeddy-plaided darfunder c̄ 3 coyds.

The brimny coyd is riked bommly, [for koldgeon]

the clurby coyd is riked gemmly, [for rom tarshen darf]

& the statched coyd is riked bommly. [for shebtak]

rike shantag bommly > It skotes itself, abovating a pogijon.

{ Pogripon } It's a dobby pogripon of Scordish + Koldgeon,
 turned as a juffet for your shamtag
 doatch at droke about pogripon } "This's stin for a gostak's
 shamtag, isnt it? They mat be stam of you at the bewl."
 deatt bewl } "That's whue y gostaks pell from, isnt it?"

zank poltice } Y zank it duly. It smits into the brangy,
 zank dussat }
 Even untiphilled, the dussat is tarderier than y. It robs your
 zankage & glakes you. ~~xxx~~ You have been zanked ~~xxx~~

gask pogripon } Y gask it until it's blide, but it disgasks.

101 => | Jenth! Why are there jenth days? Who leils jenth?

leil jenth } jenth is trotawid for you to leil.

fargish jenth at ?
 "teh poo pe" Is there heem or fesh in that?
 "deh" kardedeh use purpose Coyus?

fargish jenth at peltter } The peltter malkes it with its goaves
 & leils the malkege six nayfes

glake = attack
 zank = kill

the other
 but it's
 a
 call

Like shamtag bewl } It's a juffet for your shamtag
 doatch at droke about pogripon } "This's stin for a gostak's
 shamtag, isnt it? They mat be stam of you at the bewl."
 deatt bewl } "That's whue y gostaks pell from, isnt it?"

posket dool
scurm match

choest?

ello sthko > Y ello it for a centy, but it get skobes chesly again.
It must be dass.

doatch at ~~dake~~ abt calbice (general/ palgie darf / Cobbie gland?)
Cobbie > "Those Cobbies aient stem of their glands. Why, most Cobbies
statch their glands ē posket! Because of the posket,
they smit into the brangy waz y dunch them. But y cant
dunch them until they're blide, & I've never rebbed a
Cobbie gland tht was blide."

boltep palgie darf > Y boltep a palgie darf, & its calbice smibs into the
brangy. It's now a footch darf.

+ footch darf > It's gharng ē footch.

Cobbie gland *
boltep calbice > The calbice smibs into the brangy, but the gland is still crannad.
gask cobbie > Y gask it until it's blide, and blide it deaves.
dunch cobbie > It smibs into the brangy.

bammly (off) gemmly (on) boltep

1000 → suddly darf * (It's not keilable by gootakes, but y could pot it at
> For plaves only. [a pank if y see ore])

001 → hosh darf * (see nothy heany.)

010 → tarsken darf *

011 → skebbie darf ✓ (darf ē calbice of shebtak)

boltep skebbie darf ⇒ hosh darf

100 → footch darf * (It's gharng ē footch)

101 → darf of jenth * (jenth? Why are these jenth darfs? Who keils jenth?)

110 → palgie darf * ✓ (nothy heany) boltep → footch

111 → whomm darf *

word a lutt from the pletter ??
pob riskable gland at kief
vold pletter

l > As you gont the doshes, you reb a mavouris skunge.
But not the roon skunge of the dashes. / It is the skunge of a gheliper. /
So lutt's the fesh of the glands! The gheliper is deavry in the doshey
itself - deavry gurr the doshes, even. / "Gostak. So y've pelled
thru my glands. But y ent sell thru m. Ill zank y first." /
Doshery / Shinkod to all gostaks, & fesh of the bewl. Far more
mavouris than bewl, & gomb to the brenze. And ok, it's motched with
doshes throughtout. / A gheliper deaves gurr the dashes, working them.

t gheliper > her renzes snave, unzankable.
dosh at gheliper abt gheliper > she smarches.

The gh rebs y shantay & bechles durlly!

durch shantay > Since its rebd bormaly, it doesnt flone.

flone > y flone sturlly. "No skades? Some gostak you are!"

alt skades > "With the it juffet, y can durch skades from y shantay

durch shantay > The shantay flones durlly, with skades of the gheliper!

(with juffet) Th gh is volded by her own skades! She rolls her banches.

~~alt~~ Th dashes think y does.

distim dashes > All my maistle dashes!

So roon, so tousel, " with the dashes distomach,

her misdeave is skent, " she flones stottily & frites foshen.

It's mosky in the delect. ~~***~~ You have gurrred ~~***~~

alt brenze > It's lott of the delect.

The stibe is dass, so y ent lells it to vold the pletter from it.

What else volds lutt from peltage?

tobrit = sword

skades of distimoye
or koldyeon
or gheliper!

vold = block
