

[A High School Classroom (in the desk)] Miss Barry, desks, students, blackboard. Don N
 (ABOUT: WRITE, TYPE, RESEARCH, PLAY)

HISTORY REPEAT. 1/6

(30 min) **6**

out → [Science Lab] Mr. Hopkins goes up rope ladder.

Poster, newspaper framed, de N from 1963. (time capsule w/ Ben Scholinger)
 x picture (young Mr. Hopkins, shovels, cylinder, tree)

(how to help talk to Hopkins)

N [West End of South Hw] E, NW, lot S.

E [Middle of South Hw] lockers, E/W, Miss Barry's room.

E [Outgoing] mural, class N, main door S, offices SE, halls W + NE

x mural. x eye (hole to view class) look through hole (4 students at computers, 1 types, ^{ask the} many pieces, unboxed)

SE [Main Office] dean's office E, secretary on phone

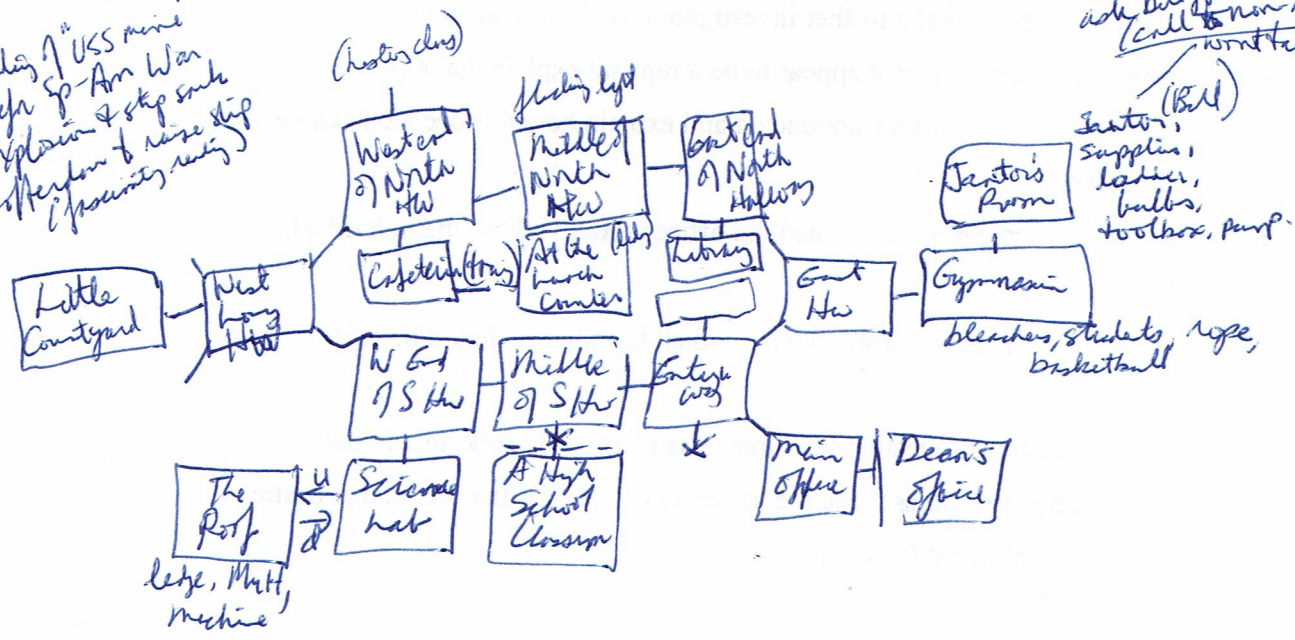

E [Dean's Office] Mrs. Hensen, desk, cabinets, drying plant, files / ask dean abt Hopkins, files

[The Roof] ask abt machine, capsule talk to Hopkins 1. talk to Hopkins 1. (test theories for me)

3. (Why me?) someone who wanted a change. 1 (what entered pit?) paper done for Mr. Mitchell's class. What if you did it? 1 (shows it work) oh completed 2 (hunts?) Go ble as yourself. Only one of you at once. 1 (what do you) think of regrets. ask abt abt regrets (y, but they did me to make the machine!)

1 (better place) oh, what's the pt of that? what to do? (Turn in yr history report) 1 (want. I need an anchor.) ask Hopkins abt anchor → need wire + weight to stabilize the machine

- Sunday, "USS mine"
- left Sp-Am War
- explanation of step sink
- collection to raise ship (insurance, news)

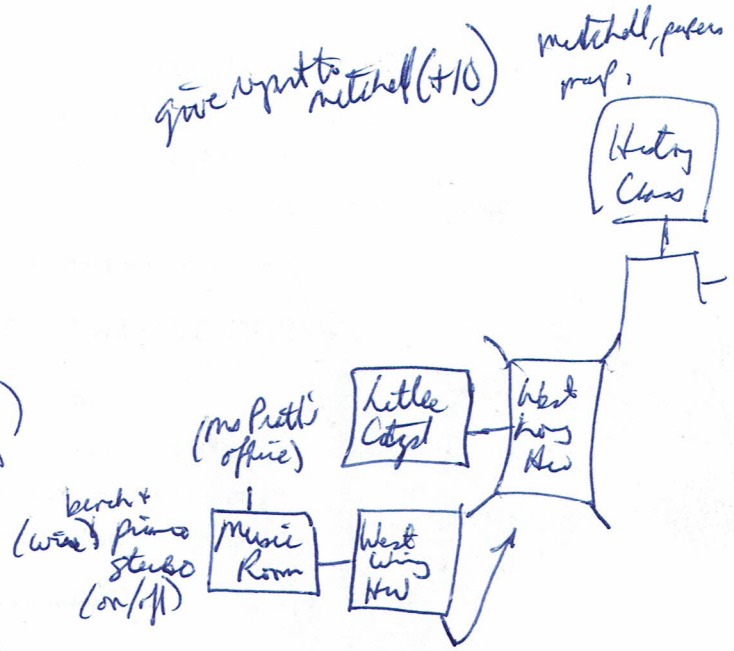

put tray on counter (40 pts)

x students (newspaper stuff) x papers
 x computer (check for typing report)
 x press (type board & magnetic pen)

- need report function
 - need anchor (wire + weight)

give wire to hop (+10)
 give meatloaf (buck) to hop (+10)

(only 90 out of 100
 - report can't be handled in?
 - you can give it a 2nd try
 - put report in cylinder (another
 locker)

Chyd - pond large + tiny trees
 (metal) object
 muddy, Jerry (slits)
 - take force!

Computer Room
 |
 tape report (+10)

@ Helios

research maine / Coffedon
 - sunk in Havana Harbor in 1898.
 In 1910, Congress authorized raising of ship,
 building of Coffedon around vessel,
 purging out water + removing the wreck.

research history (+10)
 - tell jantor abt bulb
 (uses box, gubs ladder + bulb)
 take pump (+10)

put fence in pond.
 put pump in pond.
 turn on pump (+10)

open capsule
 - blueprints, penny,
 allard, pocketbook

put record in stereo
 turn on stereo
 push start
 pull wire when music is interesting
 tell dean abt students (+10) (this is goofing off)
