Sitting Room
sink
rug - bottle
fireplace, stool

put fork in dummy (152)
put this in dummy (496)
put octopus in dummy (262)
close hatch
type activate (+10)
dummy, open safe (+5)
x safe (black key)
(dummy, e => can't go long here)

(stumbled thru maze to computer Rm) (+5)

system, workbench, ammeter, aquarium, safe, bed, robot
I talk to it?

read computer: ERROR-116. HOLE IN HYPNO-PROGRAM - REBOOTING FOR NEXT ENTRANCE
- CORRECTION NEEDED BY USER -

sleep: [TAOS-1008: model dot types for being (+1) operator]

workbench { dining - still sm bugs; other two should be fixed }
ammeter (GELIGNITE) - explosive
x ornaments (fish, oysters, octopus, shrimps)

E from computer Rm -> Corridor
ask robot abt robot
(~~workbench~~)

Xyzy @ Secret Rm: Does the circle... twinkle a little? ... No.

think liquid (quirks oration?)
ant pill (ant); all a flutter

in computer am:
put stethoscope on safe (+10)
safe (black key)

can die by dandy liquid
then take hit ammeter

put ammeter in basket works?
