You are vacationing on ~~the~~ ~~Teshel~~ Teshel Island.
 Yesterday, you heard in the bar a strange tale.
 Two children became lost on the north beach, although in the
 surrounding were many ~~just-grown-up~~ adults,
 no one saw them leave. Also it is certain that
 they didn't swim, some say they simply dug a cave. Until now
 no one ~~re~~ saw the children & all fear ~~to~~ go to the seashore.
 You are on the road from the city to the dunes.

And what do you do now?

etkareru paron

You planned that your luggage would exist from this butterbread.
