read apple
- why are you never happy

quest volume,
nubbed in tiny holes
(from - A friend)

- mapping to mixed history, but it may be worn.
"I took yr bees, as a rude way to bring truth to yr kingdom. Your existence has its own truth (!!!) but y need to find it." (blasphemy! 'I' is a ghost word.)

- Ghost Patch (ghosts growing, something in darkwood)
 - stinkweed crowds the grass (full grown ghosts we kill, mesh, & use to fertilize Special Space, from where bees are generated, which produce history)
 - x stinkweed - ~~crow~~ crow is white wings to SG (towards feed & treasury)
- stories in the magic apple, secret passages thru walls, & grant slips that board.
 - stories live in locked boxes inside us.

take - story on crow (need to hold it) (not prompted)
take - hit crow with adder (not prompted)

white door at The End (crow spits out bees & bile, crow goes thru door, bees leave)
- put here on apple
- apple opens, voice: you are a boy soon to die, I'm trying to save you. Get the crow
- eat code
- open door.
