

y: lab worker or scientist?

Host Space Colony:
Infestation
by John Coffey
for CIS 487

[Living Quarters] beds, cabinets, gear, mess hall N, lights, laser rifle
i.e. - take rifle. N [Mess Hall] tables, seams, chuping W, labs E, dk N.

x table top. (too heavy to take) e [Lab] desk, hammer
x glass (glass can bus a weapon) x desk (find card by 'He', urgent paper)
x papers (mining laser is only weapon effective vs. large beetles; everyone want to air dock for help)
take hammer (can't carry 2 weapons). drop rifle. take hammer. stand on desk.
break case. stand. drop hammer. take mining.

N of Mess Hall → [South Hall] holes, searching ahead.

W of ~~Head Quarters~~ → [Head Quarters] (read card) pencils, need light.

N of South Hall → [North Hall] hole in floor, part is down to armory.

use table (can't use 'put table outside' or 'cover it', etc.) [go back for stuff]

W → [Armory] notice, N wall gear, ^{secret} ~~secret~~ armory

x notice { ammo dropped in S Hall } x search. Kill secret. (new weapon revealed)

x weapon. take it [flame thrower]

@ S Hall: x ~~ammo~~. take it (I have no use for it now) it's for laser rifle.

[HQ] swarm of scabs! kill scabs.

N [Air Dock Supply] mentis, corpses. S.N. (mounts above fuel canister)

(can't shoot fuel canister when next to them)

(go back and get laser rifle + ammo from S Hall; when mounts is above fuel: SHOOT FUEL.)

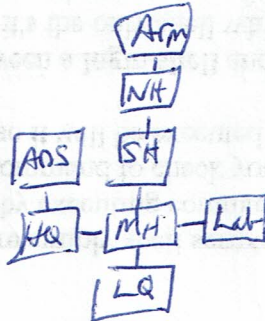

table top can't be taken unless
I drop everything
