

[Lipton's Cabin] box on desk, control panel; out  
(as Lipton, Dieter Sejart) take box (cont) FOOTNOTE 1 i { visit any of weaponry }  
x weaponry. x punch. push btn: footnote 2 (ref page) push btn (Cath - Doris recharges)  
x light. 3. Eclipses, chime; human plucks it and holds it to ear. "Tuesday... secret weapon...  
galactic danger? I'm on my way chief." push btn (human recharged) x me. (Footnote 3)  
{ things } out. - { sb window explodes; Max enters } 1. { Max, grabs box, taps self-destruct,  
& exits } stand. { TITLE CARD }

[Secret Meeting Chamber] (on chair) (as Dr. Hackles); ~~out~~ exit  
med scientists plotting; table { array of sad clown robots } - beneath str of Asta City  
maze of traps & guards; { secret forties } { forest } { village } { Leopards\* } { trapdoor } } } }.  
Footnote 4: wanted creamy nougat jelly, but lecture in Oral Hygiene changed yr mind  
i { folder } { case history, secret plans } - { VW bug for clowns arranged }  
x history { plans + fabric + agents. clown robots (with explosive cream pies) is next. }  
- { plan will be helpless, & contrast of action & focus will be... interesting } x plans  
{ we will arrive & handle like this; boss on mtg; we will enter WIMP; Miss have entries  
with office } x remote. { Miss here is Doris de Lightning, with special forces }  
- brunette wig take remote. { Doris trapped in twin box } take wig  
D) May I do my makeup?

1 - So like a woman / 2) look yr best when I say 3) FIRST, I tell yr secret plan!  
any ~~it~~ { lipstick knocks remote, then hits light switch - pitch black (no exit)  
stand { now you're trapped in box! And Doris is gone! }  
x remote (button marked "SEIZE HERE") ?

[Doris' title card] - ~~at the~~ : play as (M)ax or (D)oris?

as Max [Briefing Rm] wear; Director; Doris, desk, finger, vacuum bot, telescreen

1. / 1 so who's the little lady? (eye newspaper)  
1. neg, 2) no time to hand-hold. 3) needs no sidekick.

2 -> { matter of life & death & we need 2 ppl. I'll assign the Detect Twins if necessary }

Note 1) What is the job, sir? / 2) Sir, they're actresses.

2 -> { sure, but they do their own stunts } - same role

1 -> { we received a transmission on several freq. From Venus.

Note 1) What plot are the Xavians up to? 2) (to Doris) y dat kabt the Xavians, d y?

2 -> { largest group of our enemies }

1 → see 7 humanoid bird creatures, land is mostly jungle except S+W, giant trees, bases are series of enormous cages. / Director changes screen to Venus Prime; Xavior Warlock Ch'aww 'k' pot sitting.

1 → That's Ch! { Xavior domination of galaxy is at wing! Secret weapon vs Earth! }  
N: 1) A secret weapon? We've got to stop it! 2) (reply to Doris) That's what all the books tell me.

1 → Must stop! { Surrender & pay tribute in 48 hrs or else! }

1 → Can't swim. The X have done for heavy metals, microindustry, & granola.

Doris: You two leave in an hr. Go to Xavior town, get in here, disable weapon.

[Title: DESTINATION: VENUS] / landing, walk [5]

[Crash Site] n, s, e, w, ne, sw, se, sw, up; ship, veg, earth [6], about

(still: 1: That's what all the books tell me)

Topic [topic]

x Doris (tk device, image projector, rocket pants, jacket)

attractive/repelling tk, based on its setting.

x projector - creates a large image of whatever placed in it. (closed)

x rocket pants - best clothing. { Doris is fed up & wants to soars upward }

i { blaster, force generator, ultra-bomb (looks like pocket watch) }

x blaster (with poked handle, decentered muzzle [7])

{ Doris calls - base part west.

phallic yes, but what Italian woman is "kissy" [8]

[8] "Oh, is that all?"

ask Doris what here >> 1 We know the base is real. So let's get going, hm? 1 → (not required)

w [In the Forest] heat, "pewee" [9], treatment, vines, fruit.

x fruit { Doris takes off jacket - "Heater's hot of hot here, isn't it?" } take fruit (dead)

ask Doris what, at someone tell y it was gd PR to show interest in others? "

w [Edge of Gorge] gorge, rock, vines, water, (too far to jump)

Doris, point th at re (He descends it, but without magazine complete)

x force generator (dial: sphere, ring, rod, disk)

turn dial to rod. turn on force. jump over gorge. [Other Edge of Gorge]

w [Jungle clearing] trunk, stump, clearing, vine snake.

1 Snake! / 1 saying dark? / 1 Snake! (snaking in quicksand)

1 - Jim snaking in quicksand! (Not only budget, also history)

1 - Don't just stand there! (Doris laughs) ~~snake goes after Doris~~

turn dial to disk. turn on force. get on disk.

Snake goes for Doris → shoot snake with blaster. 1 → My.

[Hill Outlook] grass in bowl, tree (cage-dome, movement)

x tree (nutrient + caterpillars at base, frozen domes, Xavians)

x domes ft 10. x Xavians ft 11. x dark structure (dome is tube, like <sup>com. room</sup> <sup>trailing</sup> <sup>Bath's orbit</sup>)

x Xavians x grass (grows up to be basket) x pumps (see open area of slips: invasion fleet)

x sun x bowl d. (date crop +10)

[On a dark field] at (lynn in ground) tree west

w. (south gate right shoulder, hand) 1- Quit d. 2- Hy. lyzo - 3- Over!

2. [Interrogator for] reviewed, looking, goals

1- Have a nice flight? 2- How bad? 3- If they took away an equip, where'd y get change of pts?   
 "Emergency parts"

Ch'annus kept smiling [12] at desk in equipment. He knows Max but not Davis. Spies?

1- Or no. 2) Well just heard. 3) Oh yes.

1, 2, 3 -> Too late, in 12 hour goes into action. Old y like to k what the secret weapon is?

1- If y insist - 2. Nah we like reply.

1 -> Behold! The Neural Void Interplanetary Area Neurocontroller Cannon!

it'll control every bird on earth! 1) You first! 2) But - yest!

(Or desk - ~~blaster~~ <sup>your blaster</sup> force generator, ultra-bomb   
 Davis: the device, rocket parts, jacket, maze projector.

Why?   
 Hatchcock did it check   
 Copyrights expire,   
 + go with you!

[Send these Bath possessions to the examination room for analysis - by look-sting]

[Nursery Nest] mark of Ch'annus' k'pts, techy cockpit, Max blaster action figure, things, quarrel female, wife)

1- "Home out" (no) 1- presence of com, dead proper com. 1- orders are to keep y here until

Bath surrenders 1- That could be white (orders are red) 1- No times for breaths?

(blanches delicious; if only knew if y escape.) E dew falls from tongue into hole, colors hollow)

x figure (card for talking, small zipper up back) open zipper (dial + switch) dial 1-9

- 1 - Tied and the flapping to trucks
- 2 - Yonid out at the ocean
- 3 - Hunt y elders
- 4 - Xavians are broken + get both!
- 5 - Help! I'm trapped!
- 6 - One again I am defeated.
- 7 - Don't cut off my supply of hair!
- 8 - Big Aster - Breaks Nuts!
- 9 - (Silent)

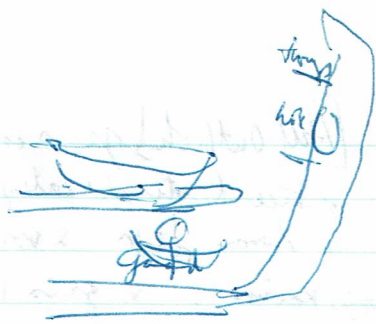

x hole (zipper fits to fit inside, but 20' away) x knife (shoulder mounted, activated by pecky)

- 1 - So, Dr Forehead - burn, we practice!
- 2 - Don't do drugs!
- 3 - Png 12 legs, are no metal for my 2 large feet!
- 4 - Drink Aster - Pop!
- 5 - Ha! Crazy eyes! No more can hold MB!
- 6 - No problem cutize set out by a bigger guy!
- 7 - Except Diplomacy
- 8 - Keepers! Zap! Selogy!
- 9 - (Silent)

pull cord dial at 2   
 other meter sitting

Hilroy

push out - / don't need any pecking practices!  
 x brush (nest, guard all day) (3)

push switch. turn dial to 4. throw dial at hole.  
 out. [Below the Nest] #14

S [Along a Cage-Line] n, s, e.  
 (door & security system)

x system (conical hole,  
 "physiological scan")

put mesh in hole → light/glow green & door opens

S [+10] [At Base Ramp] n, s, e

x east door #15

e [Closet] #16, map. x map #17 (control panel - top)

small top w. x ramp (-top - ladder) s. [Outlet - kitchen] kitchen S, ramp N,  
 hw E. x doors. s [N Pt of kt] conveyor belt, metal box (w), control panel, bin on floor,  
 machinery. x panel (10 lights: 1 --- 56 8910 lit,  
 green lens (1, 4, curved), black switch off, silver btn, red btn, small speaker.  
 (round) (square)

x appliances, in order:

- 1) mixer (active), 2) dispenser, 3) spreading, 4) blender
- 5) sprunker (active), 6) razor gun (active), 7) zester, 8) pressor (active)
- 9) condimentator (active), 10) mystery (active)

x mixer (egg beater), x dispenser (nest food & shijipud), x spreading (pump & spatula)

x blender (partly accessible, capped & metal disk) x dish x sprunker (☺) x gun

x zester (grater & 2 excluders) x pressor (flat metal & hydraulic arm)

x condimentator (3 nozzles (brown, red, & yellow lipids))

x mystery (2 ramps (pink or drop on ramp), box with panel & covered slot on top)

S [S Pt of kt] door E to Break rm (see 3 Xavians in chf hats), factory handle,  
 attached covered hatch cut & chf-hat-bird on top

x robot's (head passes to thick cup snacks for breakfast)

search cart (doors are fully shut, & there's no chf. hulled) {Door #10}

x Xavians (looking it a bath) - {robot: suggests Synthsteak, casted peas & galactobear.

x whistle (lever to pull, switch (rest to idle) {robot: food as hard materials in cart & gun up}

x switch (idle, load, (la)unch)

e {captured, No!}

set switch to load. pull lever. (robot guns out to belt + doors open)

look in cart. (room for y or wire racks) - can enter, but mop sticks out partway.

set switch to launch. pull lever (Delivery, commercial)

set switch to launch. enter cart. pull lever: mop {mop lost, don't scale}

z\* ("Hello good!" "Oh boy, the beach is out!") ("spiral is CB+JS" "A sandwich? Some?")

x arrow (chew/hack in white floor) (can't find sandwich, guard finds y) (captured!)

e from Outer Kit [Haw Junction] N, S, W, E. (N: Mess Hall, S: Kit Storage, W: Kit, E: main storage + Data etc)

e → blocked by guard. / n → [Old Mess Hall] (nose to N) N → back door (captured!)

/s → [Kit Storage] box of chocolate, work screws, cabinets search cabinets (tube of coconut butter) x tube.

eat chocolate (neaty, crumbly, waxy, sweet, chewy, crumbly)

read box of: spider, bee, grasshopper, mealworm, mixed gub, + rolyat (H1?)

push silver button (slice of bread from metal box) - new slices emerge like chocolate

push red btn (clear all belt)

push blk switch (speaker on - new sandwich making, guard: z z. Did y try setting it to z?

set lever to 2 (1, 2, 4, 5, 6, 7, 9, 10 or; blender on) {y, choz same and wend

{brok-port wants CBS}

set lever to 3 (5, 7, 8, 9, 10); blender closes

{We could say we were out of jelly so we added worms}

{y bit chocolate an acquired taste. Besides, it's not the jelly nozzle that's broken}

setting 4 {Cajun}

setting 2 - bread dispenser (top down), blender mechanism blades fly out as bread goes under.

Chocolate worms + worms

spinkler spinkles ~~live~~ live bugs! ray gun melts tofu bugs into pate.

zester slices off the tofu crusty. condimentator squirts chocolate.

3 slices - mystery machine test if to sandwich standards.

set lever to 4 (1, 4, 5, 10) - mixer blender, spinkler, tester

in the cart, coconut is muted. Gun vs raw bread to blocked food

lever 3 - spinkler, grate bread, platen, squirt jelly,

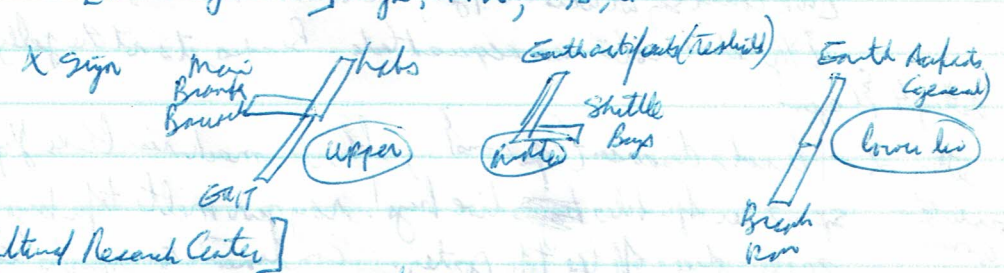

- asking for a password to access the main control system. 1- protected by a password?

- x worm. x keyboard
- type workout on computer > password accepted ✓ 2-
- x screen (innards, links to email & area maps, delivery program, ventilator designs)
- x ventilator designs (hatch behind Alt unit)
- x memo (copy to xenoscience done; force generator around Cannon double!)
- addnl screen around done that contains Cannon + Ch'auwk, & guards added.
