Poem: "What was it when I looked at you?
 What power has chained ~~me~~ through and through?
 And binds my heart with links so tight,
I cannot live without the sight of you?
 What nameless thing has captured me?
 And made me powerless to flee?
 What thing is it without a name,
 that brings my mind ever back the same to thee?
 The name of 'love' cannot apply,
 its commonness does not deserve,
 the haunted, hunted, painful cry
 that my heart makes for you.
 That ever my soul eternal makes for you."

A: "The Oracle on the Isle of the Sacred Mt told me I should speak to you about the Realm of the Dead. She told me of 2 souls in unrest there that I might be able to free."

D: "Free souls in the Realm of the Dead? You're mad!"

A: "The souls might be able to help me on my mission to save the princess. It's imperative that I do everything I can. The risks are not important."

D: "No? And yet getting yourself killed will hardly help the princess. Sigh But I will tell you what I know."

"Legend has it that is the right of any human to challenge the Lord of the Dead in order to save his own life or the life of another already passed. But the knowledge of how to do this was lost centuries ago."

"I have only heard of one who tried it -- a young knight who came to the head of the Green Isles from a distant land long ago. According to the story, he was determined to challenge the Lord of the Dead for the soul of his dead

"It is said that he tamed the Lord of the Dead's horse, a black Ulova worged, demon-hearted beast named Night Mare. Night Mare sometimes flies to the human world to feed on certain noxious plants. Those unfortunate enough to see her are glad to escape with their very souls intact!

"Somewhere, the kt captured NM & rode off on her back, supposedly to the R of D. But neither the kt nor his lover ever returned. If there was a means for challenge, it was lost with the kt.

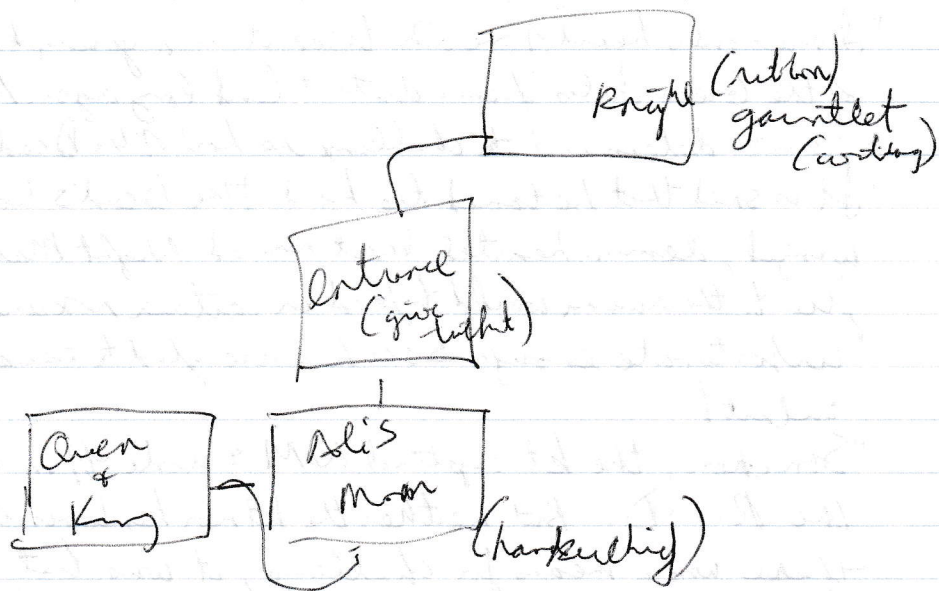

A: I see. Can you tell me anything about the L of D?

D: Ah, that is a blacker matter still! To the Druids, he is Samhain, Lord of Coldness and Despair. Samhain was once a man like you or I, but he insulted the gods & was sentenced to rule the Underworld. Immortal he is, & matchless; robbed of sleep, robbed of movement, robbed of companionship.

"It is said that he hates all mortals even more for the mortality that he lost. That is all I know."

A: Interesting. I shall remember.
