"Just dig!"
 "Only floaters can survive this"
 "Tailor-made for blockers"
 "Now use miners and climbers"
 "You need barrows this time"
 A look for blockers and bombers
 Builders will help you here
 Not as complicated as it looks
 As long as you try your best
 Smile if you love lemmings
 Keep your hair on Mr. Lemming
 Patience
 We all fall down
 Origins and lemmings
 Don't let your eyes deceive you
 Don't do anything too hastily
 Easy when you know how
 Let's block and blow
 Take good care of my lemmings
 We are now at LEMCON ONE
 You live and learn
 A Beest of a level
 I've lost that Lemmy feeling
 Konbanwa Lemmy San
 Lemmings Lemmings everywhere
 Nightmare on Lem street
 Let's be careful out there
 If only they could fly
 woua torra lemmings
 Look up your lemmings

This should be a doddle!
 We all fall down
 A ladder would be handy
 Here's one I prepared earlier
 Careless clicking costs lives
 Lemmingology
 Been there, seen it, done it
 Lemming sanctuary in sight
 They just keep on coming
 Lemmings in the attic
 There's a lot of them about
 Bitter Lemming
 Lemming Drops
 MENACING!!
 Ozone friendly lemmings
 Hubby Tubbly
 Diet Lemmingoid
 It's Lemmingy Watson
 (rough!) Postcard from Lemmingland
 One way digging to freedom
 All the 6's
 Turn around young lemmings!
 From the boundary line
 (impossible!) Tiptrope City
 "I have a cunning plan"
 "how something?"
 "Rainbow City"
