Way Old by Rob Roy (N.N. etc. - optimed "look left" and "look right" (sometimes fatal))

Patient 7

[In a Room Somewhere] dresser, mirror, machine, windows, door.

(someone enters via window)

drifting red from needle

[Psychiatrist Cell] hole in wall, glass & shiny factors
L wire
L hole with jagged glass in cement.

(woman in lab coat enters.) x woman (woman) x factor (nobody, stored) doctor

1) I had a nightmare. (had neurosurgery which rid me of a tumor, but added loss of long term memory + schizophrenia. for 2 yrs)

2) Who are you? (I am your worst physician)

3) Where am I? (Sufferer: having voice, seeing doctor, demanding once incoming impaling when only receiving an injection)

4) Nothing further to say. -> (doctor leaves)

l. x hole (orderly enters with food, not edible) . 2. 2.

[Recreation Room] window, patients. Jake. tree is noise.

"Father Francis" (2 - he claims in shirt, body is a demon. He and Jesuits have a plan to get rid of it) x Francis.

2. (dream - demon addresses y. I'll soon be dead & he'll take my place.)

with doctor. 1) Tell doctor about Francis - {Yesterday? He was a Jesuit, yes; he's exposed his demonic receptacle story before}

2) Tell her about the demonic dream - {Regressing - will require further treatment}

struggle outside door is Francis ("escape! Then kill yourself!")

{demon calls the doctor a hobo; soon y'll be his}

[Summoning Room] 2nd operation. (Dr Michael -) l. x drawing. {new part of pred. "demon" to accept want to refuse}

(doctor cuts yr vocal cords, by end up in ball - ends)

x doctor (near bying) cost is disclosed, some red stains. // if you don't tell the doctor about Francis =>

[The Roof] Francis, patients. F produces a shirt

i (choice: jump or wait) (jump => die - wait => die, but it takes longer)
