

[Snow Plain] (red dirt in strata like - antitank dir?)
sun sinky, near shelter in mt N

SNOW QUEST
by Eric Gore 286
9/10 I/T

N → [Track Through Foothill] N, S, W. left hand above cave. x tree (birch bark?)

W → [Large Cave] among NW, east 6; want a fire

NW → [Small Nook] mostly sand. touch wall (moss). take moss

W/out. search snow → branch. take branch. break branch → stick

put branch on moss. rest stick against branch (+1) sleep ⇒ [Forest] NE. (union)
NE ⇒ [Hay Pats] E/W. x union (it better W) W → [Open Meadows] (no roots) union ⇒ warm white, bushy, pinkish

x woman (log golden hair) ask woman abt union, heresy, yes, promise, deadline (it's time to flower)

ask woman abt flower (she's now a tall white flower x white flower (golden strand)
{ mat of pink the flower? } take flower ⇒ [Chimney] (carrying waste) coffin lowered into yard, priest,

monks. put wreath on coffin ⇒ [Tennis Court] (as butterfly) priest in unguine's seat.
i { tennis racket - looks like butterfly net } play tennis. g.g. ⇒ [Flying in the Sky] mat rock into peak. (N, S, E, W, U, D)

N (foothills, next to go higher) - mostly high enough. < WAKE >

E. N. [Hill Path] N + NE options, bushes NE ⇒ [Sloping Track] NE/NW. NE (wolf blocks your path)
show sticks to wolf. throw sticks (+1, be cross-eyed) NE ⇒ [Secluded Dip] beneath bushes, berries, ~~apple~~.

eat berries { thin bark... } ⇒ [Old Muddle's Hat] out, Old Muddle, "I must sit off on the quest"

use abt quest { go to Mt Farpoint + find lost Book of Yoshor, read it, return it to secretor }

N book { only readers of the ancient tongue can read it, + direct sunlight would destroy it }

N ancient tongue { they had wisdom we can only imagine }

N Mount Farpoint { highest peak of Great North Range, like a twisted hand is a finger pointing to the sky }

⇒ [Secluded Dip] SW. SW. N ⇒ [Defile] N/S (see why) N ⇒ [South Face] E or W? crevice (love tree it leans over it on the peak)

E ⇒ [East Shelf] heronweed (gold against turquoise) take it. (runs along ground under snow)

pull it. Use second yards of it // [West Shelf] search snow ⇒ loose rock
e - tie rock to rope. throw rock at tree. pull rope (+1) (snow fills up crevice, allowing N)

N → [Narrow ledge] (among here) E, W E ⇒ [Fork] NE, NW, W.

NW → [Winding Path] SE, (Fork), E ⇒ [Rock Shelf] W, human skeleton (white bones, golden thread)

W. SE. [Fork] NE → [Dead End] (see the other rock shelf to west, gap in between, jagged peak) hand of shaft.

W of narrow ledge → [End of ledge] boulder. push it (catches on south). search snow (bare hands not enough)

show skeleton (1) W, SE. [Fork] take bone. NE [Dead End] sharper bone (into jagged peak) x bone (one end flattened)

e.e. search snow. push boulder. (+2; cave open W)

W → [Round Case] phosphorescence, patterns (wolf, leaf, butterfly; - curious crystalline structure)
x crystal (oval window? 6" to its right is an oblong slot) x slot (1" wide, couple inches high)
put bone in slot. turn bone. (+1; window opens: giving object) take gun object. take bone.
clean giving → ancient book. x book (dark cover embossed white Unicorn. It's the book of Yashou)

↳ ⇒ [Track Through Potholes] (snowed heavily)

N → [Snowfield] all ^{copies} dies, hand a snow wolf? N* (Ken thing in sky, loud boy?)
N → [Crash Site] aeroplane, wolf. x aeroplane (parting parts out; fuselage, cockpit)
(exists: in every conceivable direction) clean cockpit (body of pilot) x pilot (dead; you: blond hair, wound in head)
(light in sky) x wing (KX-NJ87) x fuselage {eventually: light in sky sparkles on horizon fills vision ⇒}

[Observation lounge] N to Harmon, S to cafeteria, fall de stronger = crystal, seats, windows.
x stranger {give cone back. Do you understand what you've seen?} no {vision of future; think abt what you've seen
before you decide what to do with parcel. The supposed to fly yr plane to Fairport Weather Station. he retreats S.
i {Parcel, wearing flying jacket} x parcel (UNIDENT; addressed to P.W) Benjamin Yashou, union logo. Pinned Stephen
y'd fly it tonight) open parcel {Stephen Mandelford = an old friend; parcel contains electronic components needed to fix
Some monitoring equip; one in a lifetime op to observe peak weather front; help understand climate change}

N → [Tarmac] plane (ready to take off). S. S. → [Cafeteria] empty up, Bob Trenchard give weather report, exit S, toilet &
x report (80% chance of violent snow storm crossing yr path) x cup (yours, something under it?)
look under cup - take card. x it. (Agent Samuel Wolf, FBI - Don't be a mule, meet me at Otter Creek in the
parcel - S.N.O.W. (map) (+1)) S → [Parking lot] Car open door. enter car (don't quite trust Agent Wolf quite enough
yet to go with him to Otter Creek) open parcel (+1; only Wolf can help; y feel sure the package has been in it)
{the 2nd reading of the book mentioned 'white powder'} open car. enter car. Drive to Otter Creek? Yes.
⇒ [Roadside] no. (outer set thing) [Cleaning] open parcel {parts protected y!} Show parcel (he kills y)
show stick (Wolf turns his head) hit wolf. (he drops his gun) take gun. (sheriff + deputies arrive + chase, +1)
open package (electronic equipment). {Stephen arrives; Wolf is a thief + hypnotist; storm should pass in 2 hrs, &
you can deliver package then (win: 10 & 10)}
