Alicia - horrified then chokes her.

car: parked it on other side of barn, out of the way of all the other cars.

murder: It's horrible! She was my best friend. Who could have done such a thing?

trust: —

Alicia

went to school together. She has her faults

x five men. wish I could say that Ver treats him as well as he deserves

x on Veronica: She was too hard a woman. must have just pushed someone too hard. knew it would happen eventually

Michael: now he's free of that creature! It serves her right.

Samuel: country gentleman, the cape makes him look almost cuddly.

me: Veronica told me about you from school. I suggested she write you. she remembers you fondly.

Astronaut: oaf! must be here to make trouble. Veronica hired him for tonight

Johnson: ^{wasn't Asher} something? Never thought I'd see an Ashcroft hang with likes of her.

hinda: Richard can act like 13-year old with women.

Richard: Poor Richard. He's such a wimp w.r.t. Veronica

Smythe: silly in goggle suit, tries to look dignified, maybe should get bananas?

Alicia: not much to say. pretty dull life.

Marston: silly old fool. Has sinecure job with trust. doubt he's had original thought in his life

horses: not the rider that some here are. Veronica has been a dressage champion several times. like riding to hounds though. Except at end when dogs get fox. Can't stand sight of blood.

Asher: vote for him any time. He's so handsome

Michael

on Veronica: get costume cleaned / she's my wife, I love her / why? can't understand. Things were so good for us...

Michael: what can I say? only fun is decoration + public amusement. Takes job seriously (?)

Samuel: he wanted to buy farm to use for town houses, but we turned him down.

me: didn't you go to school with Veronica?

Astronaut: a crook. up before board. he + Ostmann hate each other (I hear) I didn't invite, but I'm not going to make a scene.

Johnson: Veronica hired him; he mixed a good martini why does Richard see her? In good tail wind has chance at 2-digit IQ

hinda: Richard is still a bit immature.

Richard: common knowledge that we disagree. Veronica tries to keep him in line. They're bro + sis. Hinda is another problem, she doesn't fit in.

Smythe: been here forever. Worked for Veronica's parents. (due most of her life)

Alicia: excellent horsewoman. good friend of Veronica's boards her horses here, so she's here a lot.

Marston: one of ablest men I know. done a lot with family trust. I can count on his advice.

horses: 'Lucky One' is V's prize show jumper. Coal Black, hardly see in dark.

Asher: V + I are fond of her. With luck he'll be president. hot on the ball.

trust: —

murder: You reporters have all the sensitivity of buffalo. Can't you believe that?

police I wouldn't know

1st told

"You're joking, of course. No you've not, are you?"
seems shocked, or is it just a pose

murder: I wouldn't know

Richard ("Gur!") - ~~was it before?~~ or after murder?

- Veronica: You think I did it, don't you? If I was the sort of person who could kill her, I would have long ago, believe me!
- Michael: He thinks he's pretty wonderful, but he just slides around after my sister, Don't think he ever loved her, no one loved her.
- Samuel: Who's he? He seems like a nice enough fellow.
- Me: I've never met you before tonight. You work for the paper, right?
- Astronaut: don't know why V invited him. He's making a fool of himself. He'll have trouble from me if he keeps staring at her like that.
- Johnson: He's somebody V hired.
- Hinda: perfect example of my sister's interference. She's sweet & lovely & I love her (The but my sister can't stand her because her family didn't come over often)
- Richard: I'm not interesting. Write about my sister, she's the Dragon lady, not Fairy Queen
- Smythe: He been here long. Taught me to ride. & V. Dad was too busy.
- Alicia: goodie 2-shoes, V's friend for years but cut her up twice when apart. I have my suspicions about her.
- Marston: pompous bastard. Cloves for years, crony of my father's. He runs trust & V has him in palm of her hand! But I'll get mine one of these days!
- ~~Horses~~
- Asher: family known him for years, since he was just on the county council. like him better if V didn't like him so much.
- Trust: I wouldn't know.

Marston horses:

at as new working water

fine man
V's father would be proud x
he's got her straightened out
one day

- Veronica: 'Nil nisi' never liked her much. Didn't have vision a man would have. Should be man at head of house. Richard's no head, officially.
- Michael: must be devastated. But he's strong.
- Samuel: That's a man with eye for business. wonder why he's here? Veronica & Michael don't mix much with his crowd & vice versa.
- Me: don't like reporters very much, if that's what you're getting at.
- Astronaut: clearly an alcoholic. don't approve.
- Johnson: told me he's studying law. lawyers & accountants! 2 professions we'd be better off without
- Hinda: not our sort. she'd be better off if she & Richard stopped seeing each other.
- Richard: banana has more backbone. Only stands up to Veronica on Hinda person.
- Smythe: is disproof of cenard that there are no good servants anymore.
- Alicia: one of V's cronies. Went to school with her (you did too?) hardly know her.
- Marston: semi-retired. Run Asher's Family Trust. It mostly runs itself.
- Horses: I don't know anything about it that would interest you.
- Trust: run it ~20 yrs. proud of it. some bad years, but trend is up.
- Asher: fine senator. has plans. You'll hear more from him.
- murder: maybe she surprised someone. & sneek thief, probably.

police —
show card: door looked at quarter to 8. Why sweetheart deal with Astronaut
murder: I didn't do it! She wasn't giving me a fair shake, but murder? Not no!

Astronaut / Bill (William) (sorry he got costume, too hot & itchy. (she treated me like dirt; my hands are clammy she's got another thing coming

on Veronica: fancy-pants rich girl, thinks she's ^{too} good to deal with me.

Michael: I think he'd deal with me, but that wife of his...

Samuel: slime! he's got his! tight with Board + Veronica. Raising business. [Scans for him]

Me: Can't stand reporters. You seem okay, though

Astronaut: just small businessmen. rich types aren't easier. these are ^{the} free spenders.

Johnson: makes a heck of a drink, doesn't he?

Hinda: Calleena? you know her? want to introduce me?

Richard: don't know him, everyone's down on him, that means he's a good guy.

Smythe: Thinks she's Jewish, stiff-upper lip & fake British accent

Alicia: never met her. A society type like Ms. Asteroff

Marston: colonel in supply battalion. Never closer to port than Georgia. could tell you more if I wanted to...

Horses: I dunno. —

Trust: " —

Asher: he's a friend of family. He & V were item before she married Michael.

Hinda (Betty Boop voice)

Veronica: She hates me & Richard. Treats Richard as a child, he's 30! She controls Trust. He hates her.

Michael: nasty to me. I don't think he likes Richard much.

Samuel: he owns that building company. Their signs are all over the place.

Me: I heard you're a reporter. Will you write about me?

Astronaut: I don't know him. He's drunk, isn't he? —

Johnson: I don't know him. I don't think he usually works here.

Hinda: I worked at drug store until I met Richard. Now I'm going to be a model. I'll be on TV someday!

Richard: We're in love! Veronica is keeping us from being married, by not giving Richard share of trust. Not fair at all!

Smythe: he hates me. He kicked me out once when I come over without Richard.

Alicia: I don't know her. —

Marston: monster! he hates Richard! won't make Veronica give him what's coming to him lawfully. Says he can't change rules, but that's silly. doesn't he want?

Horses: knows nothing —

Asher: ^{unit of} exciting! real Senator. Even distinguished in silly costume.

Trust: knows nothing —

police - no opinion
murder: terrible!

Asher: done a bit for state, ^{good} understanding of businessmen, I ~~helped~~ ^{contacted} his last campaign

Samuel Ostrowsky: ^(leaves 9:12 to new kitchen, 9:20 to near South Entrance) I think someone must have wanted to stop the sale! But it turns that cook Cohen!

on Veronica: has ~~good~~ ^{sure} sense, good head for business

Michael: pathetic, should do something else he's a parasite

Samuel: I'm just a businessman

Me: no opinion, somewhat impolite

Astronaut: up before Real Estate board for unethical practices: clearing out escrow account, he & agents disagree. can't believe he was invited, must have crashed party, gall!

Johnson: He's going to be a lawyer, he said

Linda: Veronica called her 'Richard's bar girl'

Richard: another parasite. family is full of them (except Veronica)

Smythe: he looks uncomfortable

Alicia: don't know her. Understand she's a friend of Veronica's

Marston: old dinosaur. Toothy. Be wary of him.

'in loco parentis' to Veronica & Richard

Horses: not sure what you want me to say

Johnson

on Veronica: one of her friends told her about me, she asks for me specifically. how school aint cheap (tip glass) she had a Singapore Sling.

Michael: nice guy, 'nil-fellow-will meet'. likes very dry martini

Samuel: he's taking Veronica's death hard. I wonder why.

Me: interested in libel law & first amendment. Should talk later.

Astronaut: he'll be out before night's over. Straight bourbon, no ice, beer chosen. He's had 3 already.

Johnson: trying to pay tuition. good view of mankind. going to be a lawyer

Linda: knockout. drinks sloe gin fizz. didn't think anyone over 21 could stand them.

Richard: seems beaten down. You see too many of them in this business. when they're carrying something too heavy.

Smythe: he's been quite helpful. obviously knows his job

Alicia: haven't seen her/William's home

Marston: distinguished & knows it, but since he knows it he spoils the effect

Horses: I wouldn't know,

Asher: true politician, not even up for election for 4 years doesn't campaign til. teetotaler, ordered soft drink. Father was an alcoholic.

murder: certainly puts a damper on the evening for me, but no one else seems too concerned.

he's very pleased
with himself, isn't he?

Michael: fine man. lucky to capture Veronica

Samuel: done lot of consti, office building esp. for govt. ^{we're} tenants of his

me: paper has always been fair & impartial to me

Astronaut: consti. big business. Hunt Club is being driven out. big force, ~~but~~ that anyone is pleased

Johnson: nice kid. in high school

hinda: never introduced. know Richard is smitten

Richard: unfort. not much. V despised him amounting to anything.

Smythe: family retainer. He live here for life.

Alicia: old school friend of V, borrowing clothes & boyfriends

Marston: hidebound reactionary, unfort. trust could do better. V likes him.
